

Investment, Wealth and Savings (IWS) 2018 program

8.20 - 8.55 Registration and breakfast

I. Section: Global trends and investment opportunities in the penultimate moment

In 2018, large central banks may start soaking up liquidity from the market, the ECB may start tightening, while many are trying to guess when the high stock prices will get lower and when inflation and the increase of yields will commence, bringing significant changes on the bond market as well.

Moderator: István Madár, Senior Analyst, Portfolio

08:55 - 09:00 Welcome speech: Zoltán Bán, CEO of Portfolio

09:00 - 09:20 Opportunities and challenges on the global stock market

Speaker:

Ann-Katrin Petersen, Vice President, Investment Strategist, Global Economics & Strategy, Allianz Global Investors

Bálint Szécsényi, vezérigazgató, Equilor Befektetési Zrt.

10:40 - 11:10 Coffee Break

II. Section: The investment trends and the needs of clients on the Hungarian market

Last year, most of the domestic investment products were able to profit from the stock market rally but what can Hungarian private banks and fund management companies offer to their clients? What do an institutional client and retail client want and how will the service providers be able to comply? In the panel discussion institutional clients will be debating with representatives of asset management companies.

Moderator: Zoltán Bán, CEO, Net Média Zrt. (Portfolio Csoport)

11:10 - 11:30 Overview of the Hungarian investment market: What kind of yields should we prepare for?

Speaker:
